DEMO

VIZLIB.COM

Summary

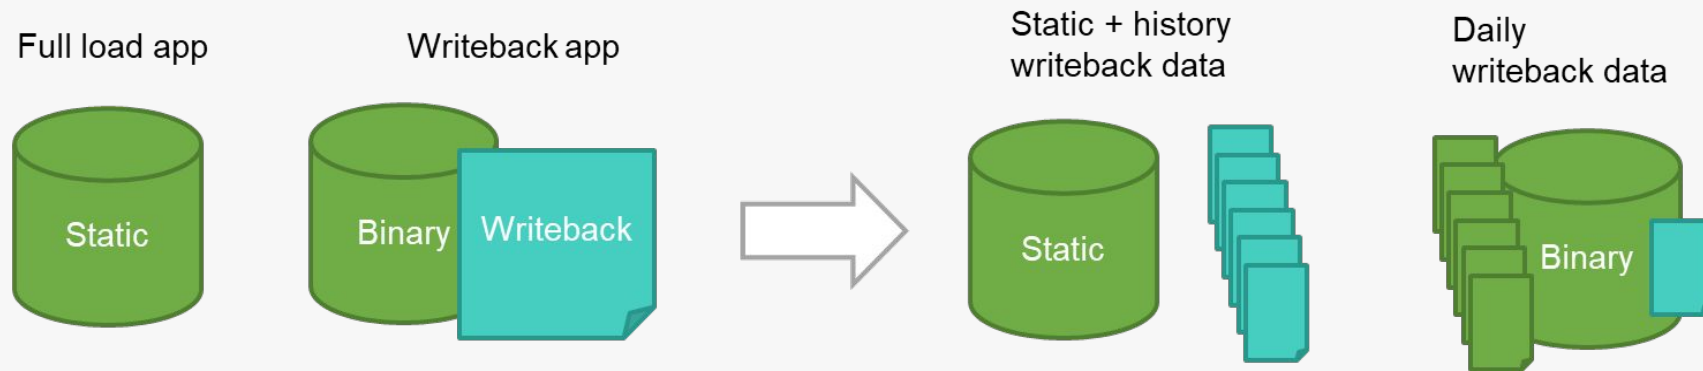

Benefits of Binary load

- Instant load of any size of data
- Enterprise security
- Supported in-Load script editor – easier to troubleshoot and develop
- Works with more frequent full reload schedules

Next step – aggregate history

- Transform only what changes during the day
- Writeback to qvds for each day
- Full-load app, loads all qvds except today's
- Writeback app loads full app as binary and transform today's qvd
